WELCOME

Welcome to the Mumblebone Sale.

As the flood waters across Queensland subside & the containment pens throughout much of the south releases their stock, we welcome the sight of these incredible prices to help ease the burden of a year marked by two extremes.

While the meat side of the business is doing the heavy lifting at the moment, it wasn't long ago that wool was holding things together, & so the pendulum swings between seasons & markets with the certainty that this momentum will continue to shift. It's this variation that creates opportunities & also the reassurance that combining these markets, in one modern package, is very much the direction we are committed to, & we are proud to offer you this year's draft of young rams.

We are once again excited about the genetic gain made this year and the increasing level of depth in the hard to combine traits.

Aligning great people with a clear vision leads to incredible results & my heartfelt thanks & congratulations must go to our Team, Josh & Ed, for their professional attention to detail from joining right through to sale.

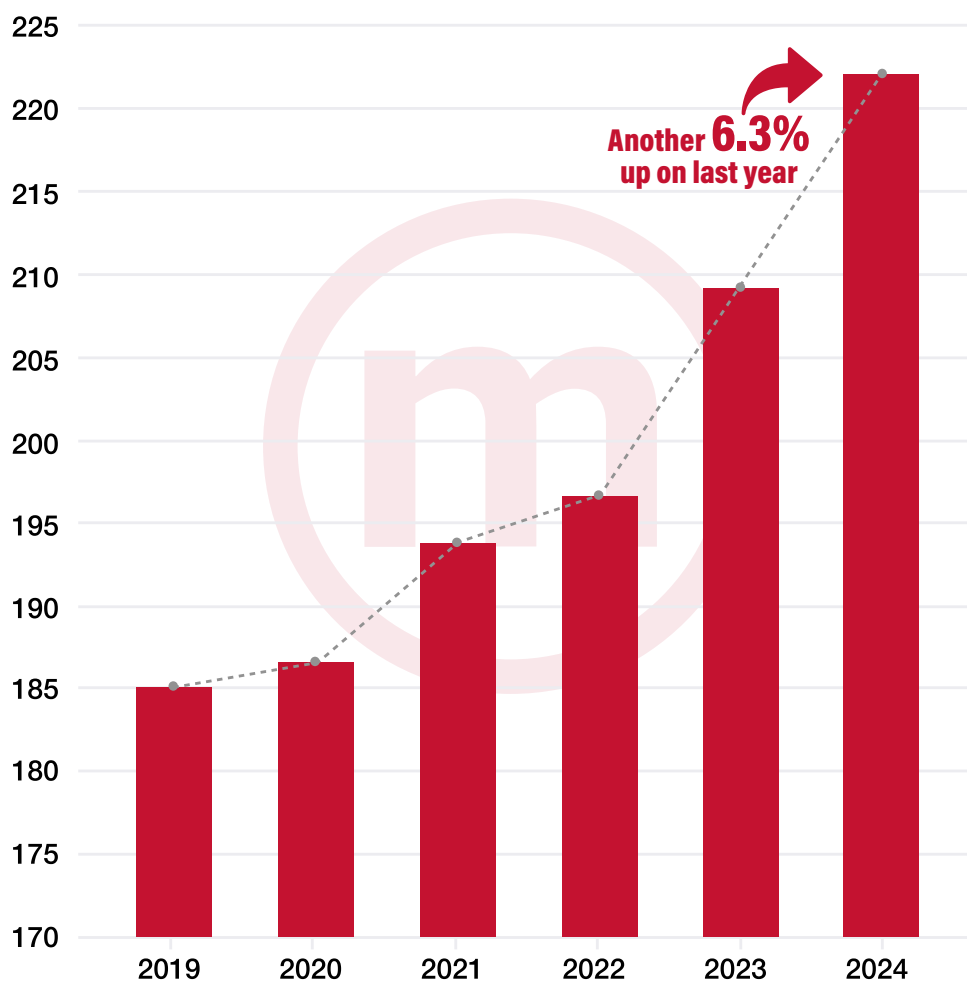

I've had the chance to cover more of the country this year than ever before to see first-hand how the Mumblebone flocks are progressing - it's a very satisfying part of this work. Thank you to everyone who's become a part of this journey from the decade's long clients right through to the first-time buyers. This catalogue combines everything we aim for & I look forward to working with you on your continued breeding success.

Kind regards,
Chad & Lou Taylor.

The Genetic gain Story

For the second year running, our 2024 drop has delivered an impressive genetic gain of 6.3% - matching last year's record-setting result. This continued progress means our latest catalogue features an even greater selection of high-quality rams, offering more choice and more performance than ever before.

Average Index Value of each drop

SALE INFORMATION

INSPECTION

Sale inspections from 8am.

Pre-sale inspections by appointment always welcome.

HEALTH

- OJD – MNI Vaccinated 2013
Certificate number NS76875
- Brucellosis - Mumblebone is brucellosis accredited.
Certificate number 76381
- Vaccination - rams have been vaccinated
with 6 in 1 at 6 and 14 weeks
- Scabby mouth – Mumblebone lambs are
treated with scabbyguard at 6 weeks.

FERTILITY

The rams testicles have been examined at classing and are guaranteed to be ready for work. Should a ram prove infertile or incapable upon veterinary inspection within six (6) months of purchase, the ram will be replaced or refunded.

FREE DELIVERY

Free delivery for all purchases of 10 rams or more.
Delivery to a central point will be coordinated where practical.
Please assist us by taking your rams with you if possible.

AUCTION

The 2025 auction will be an Open Cry auction system.

INSURANCE

Facilities for insurance will be available
at the sale through Elders.

ACCOMMODATION

Hermitage Hill

P 02 6845 4469 www.hermitagehill.com.au

Cow and Calf

P 02 6845 2710 www.cowandcalf.com.au

The **new** indexes are our way of **simplifying** data for buyers to make more accurate buying decisions. Each index has **24 traits** that are weighted to suit the different environments and production systems used across all states of Australia.

The emphasis varies in the areas of **Growth, Carcass & Wool** while Mumblebone's industry leading Reproduction & Welfare traits remain consistent across all indexes.

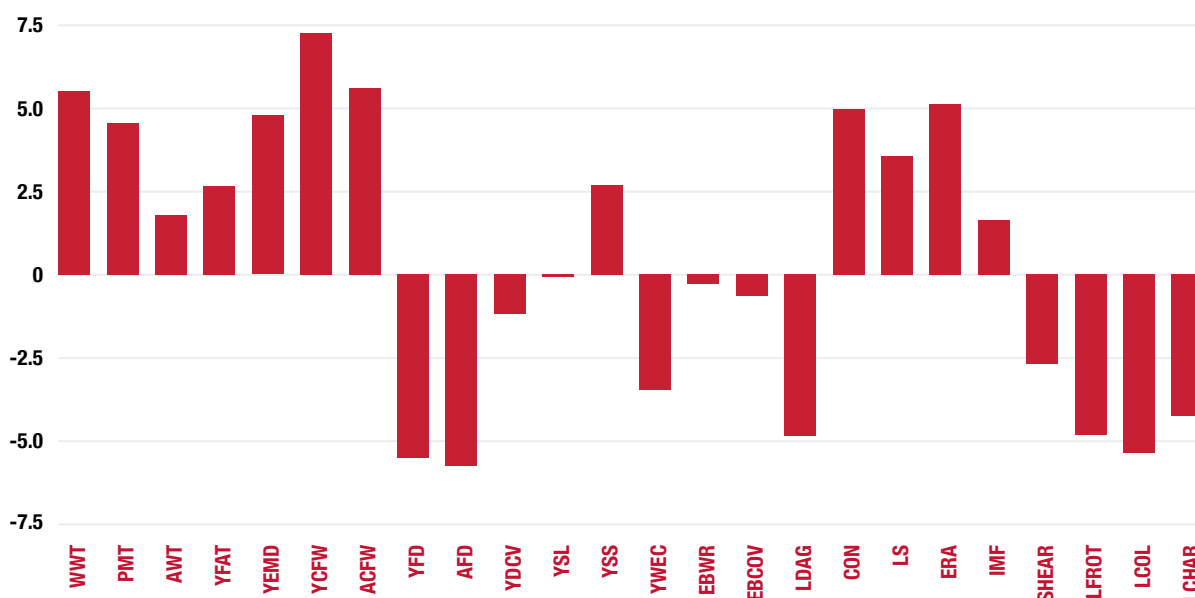

MUMBLEBONE

This index reflects the trait emphasis that has built what is now known as the Mumblebone Merino – Ideal for the **modern breeder** looking to combine trait leading **Growth & Carcass** combined with **Fleece Weight** at a staple length to facilitate 6-month shearing.

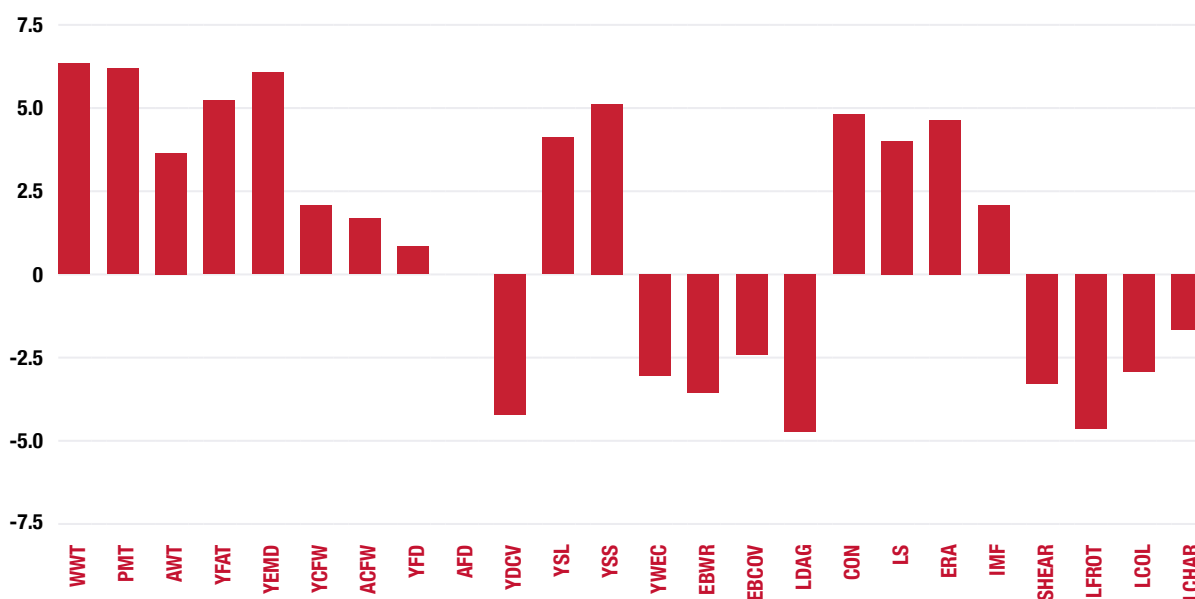

WOOL PLUS

This index suits growers looking to **increase wool** production in an annual shearing program – Increased emphasis on **Fleece Weight & Micron** at an average Staple Length while **maintaining** above average Growth & Carcass.

CARCASS PLUS

This Index suits growers in areas of **high VM** (vegetable matter) as well as those Composite breeders looking to increase the **fleece value** of their flock. Perfect for wether lamb turnover & **ewe lamb joinings** – High emphasis on Fat, Muscle & IMF, with no selection pressure on staple length.

ABBREVIATIONS

POLL DNA tested poll score	PWWT post weaning weight	WR weaning rate	YDCV yearling diameter co-efficient variation	YCON yearling conception
